

# Super Duty Stamping Dolly

Keep your presses running with this super heavy-duty dolly. Roll Heavy loads out and empty containers in without shutting down your operation. Stop waiting on Forklifts.

This Heavy Duty Dolly is ideal for use in the pressroom where baskets, tubs, boxes, and pallets are moved in and out of the process manually. No more stopping the press while operators wait on forklifts to move parts, scrap, blanks etc. Fits all type containers. Easy to roll and super heavy duty make this dolly ideal for your pressroom.
